

End of year report comments from parents – 2025 - 2026

PMLD	What a positive and encouraging report! We cannot thank you enough for all you have done for F over the past five years. He has loved being in stars class. Thank you for all the effort and support you have put in for F and for giving him the best experience at high school
	M has shown noticeable improvements in her communications at home. She is now clearer when using gestures to express herself and communicating her needs more frequently, not only with her parents but also with her siblings and other family members. Although she still finds it hard to use the profile 3 symbols consistently at home, but we continue to encourage her and support with this. M is also making gradual progress with emotional regulation and while she still experiences challenges, she no longer cries as often as she used to or tries to hurt her fingers when she becomes emotionally distressed or down. As her parents we are pleased with this progress and remains hopeful that she will continue to Improve. Overall, M has become much more settled at home and is enjoying going to school. We are also very encouraged by the positive changes we have seen and hope she continues to make physical and emotional progress and progress in all areas of her development
	H had a unsettled start but has settled in well and built good relationship with his teachers over the course of the year. He actively enjoys attending with motivation of what the next day consists of (from his timetable). H has grown over the course of the year but I would really like to work with a SALT over his time at Woodlands. Once able to express himself his confidence will grow. Thank you for all your support.
	A has enjoyed the times she was in Sun class early this year. Unfortunately, due to her health, she has not been able to come back to school. We are hoping A will have a better year next year.
	Thank you for supporting R through some very challenging times this year. Especially the ones that were tough for us adults too. We agree it has been lovely seeing R communicating more and talking about things he had done. R will be great if we can try to carry on working with him to help him understand about personal space. It is one of the things he struggles with. We're looking forward to working with Helen and her team or as R would say "his Queen Helen".. we hope you have a lovely summer.
	We are happy that H is happy with good progress, good atmosphere and professional school
	Thank you to teachers and staff for their good work. Z shows good progress an love to go to school. Many thanks
	What a wonderful, fulfilled year. H seemed more engaged, motivated and attentive. His receptive communication progress and following simple requests, and instructions. He loves to attend school and never showed disapproval. I am

	happy to see his progress and all the hard work and dedication by all the lovely teachers to made his journey more excited and fun filled. I am so satisfied about H's physical development and his regular session of hydrotherapy and rebound therapy session. As his physical needs increase with time. So I am expecting from lovely teachers to maintain and continues his physical and sensory needs. Thank you so much for wonderful year and all the hard work you put in H's progress. I am really thankful and appreciated all of yours hard work and especially love for my baby. Thanks
	What a lovely report. A is clearly in the right environment to reach her full potential. She is happy & safe in School. We love her being back in Woodlands. Great to see her doing so well.
	Despite some challenges this year, S has done really well. Cloud class has communicated and co-operated well with parents to ensure S's needs have been met. Thank you for a good year and all your help.
	R appears to have made great progress and has settled well into Woodlands. Thank you for all the support the team have given to R. He has grown in confidence. It is lovely to see R achieving & enjoying his time at school.
	A has done so well this year. This is mainly due to her determination and the help of all the staff in cloud class. A is lucky to have a class, who care about her and encourage her all the time
KS3	We are really proud of A's progress and are really thankful for all the support from staff. Thank you
	Very pleased with the progress G is making, thank you. Look forward to him growing in the next term.
	As much as its no surprise L is helpful, thoughtful and goes that extra mile to help others, it fills our hearts with pride and joy. It's something he'll always do. Regarding social skills / communication, we are working as family to lessen the "knows not the time" moments and confident this will improve.
	I am so proud of S. She loves school. Thank you to all the teachers and TAs to make her school life so special. She has built so much confidence during the year. Hopefully she will enjoy next year (September). Many thanks
	We are very pleased with H's progress at Woodlands secondary school. We are optimistic about his future particularly about being independent with regards to his toilet routine and changing clothes by himself. Thank you for your support. We appreciate every moment.
	N can do some practical / housework chores. If you can teach him more on practical chores so he can develop his motor skills.
	What a lovely report! Some of the information around life skills is interesting. We shall definitely start to get him to wash up and dry items. Thank you for all your support and teaching you provide.

	Z likes his class a lot. He is becoming more expressive which is a big change. Thank you all for being very supportive.
	We are very pleased with I's progress this year and would like to thank all the teachers and staff for their hard work, patience and support. We appreciate and support and care to help him develop his learning and independence. We look forward to continuing to work together to support I's progress and improve his English specially his speaking and writing skills. He doesn't know how to write a message, and how to talk to other person, specially five – 10 minutes. He answers short question. Also, he learned how to write text. Please, please can you focus on his English.
	N's reports are very good. We are really pleased. Thank you so much for all support towards him. Thanks again
	I looks forward to school and has made great progress. I am very proud of him
	The End of year report is impressive and I believe this is as a result of the effort of all the team in Woodlands Secondary school. Thank you for your efforts. It is well appreciated if assignments are given to her on a weekly basis
	Thank you for compiling this report, it's heartwarming to see M is progressing and improving this year, despite her bursts of uncontrollable behavior. It must be extremely difficult to handle her. When M is visibly happy, you seem to forget all her bad points. It's so refreshing to see this level of progress. Thank you for your kind words and I really hope her behavior improves and her real self comes out and flourishes
	We are very pleased with the progress R has made this year. We appreciate the support, patience and encouragement from all the staff. We have seen R improve in his communication, confidence the school has done. We look forward to another successful year
	H had a unsettled start but has settled in well and built good relationship with his teachers over the course of the year. He actively enjoys attending with motivation of what the next day consists of (from his timetable). H has grown over the course of the year but I would really like to work with a SALT over his time at Woodlands. Once able to express himself his confidence will grow. Thank you for all your support.
KS4	There is significant improvement in B's performance with clearer communication and less frustration while trying to put his needs and ideas across to others. He participates in house chores and takes responsibilities for others. He enjoys going out and making friends. We are happy about his progress so far especially his ability to recognize numbers and high self-esteem
	Thank you so much for taking care of A all these years and for all the teachers taking such good care of her. Thank you for making my child achieve all these achievements. I am very grateful to all the staff at the school.
	We are happy to see M's improvement in different aspects this past year. Thank

	you for bringing out the best in him
	Thank you for all the effort you all have put in supporting and encouraging and helping C. I would like to keep more harsh to C like upgrade a little level up for him by next year. I know that he is capable to level up his learning capacity and active engagement. Thank you
	There is significant improvement in his performance with clearer communication and less frustration while trying to put his needs and ideas across to others. He participates in house chores and takes responsibility for others. He enjoys going out and making friends. We are happy about his progress so far especially his ability to recognise numbers and his high self-esteem
	We are incredibly proud of T's progress this year. It is wonderful to see her confidence, independence and life skills growing so much, especially her work with money and the school café. Thank you to all her teachers for their continuous support and for bringing out the best in her.
	I am so proud of the progress N has made this year – especially with his writing. Thank you for all the support you give him.
	L has had a hard year with her emotions. I wanted to say thank you for all the work you have done to help L understand about her development and preparing L for Adulthood. Thank you all again.
	It's a blessing to see such support around Z in school. This has made a huge difference in her life. Thank you for being there at all the key stages for her and specially Nicky to always hear Z and arrange things for her to support her the best way possible. We look forward to Z finishing her school year as independent of a teenager as someone of her age can be. Thank you
WISERR/ Pathways	Thank you for all the hard work you have instilled in R. She has enjoyed you being her teacher so have we to be honest! We know R will miss you. We are excited for R's future.
	Thank you for your support throughout the years. I am glad A is making progress with your guidance. Thank you again, you have all been amazing!
	Thank you for the report. We appreciate everything you done for A. We are happy with what he achieved and learned in your school. We are highly grateful for his achievements and improvements. Thank you
	I really appreciate the detailed report card. It gives excellent insight into A's strength and areas for growth. I am truly grateful for your dedication in teaching A. Your support means the world to him. A has grown so much this year because of all your support, hard work, patient, encouragement, your kindness and caring for him. Thank you for always being there for him. I am so pleased that A has had a wonderful time in school this year and he really enjoys to come to school and is happy to be there. Have a lovely summer break and I am looking forward to seeing you.

	We are very happy and pleased with T's achievements this year. A huge thanks to everyone at Seacole class working with T.
	We are overjoyed with this report and T's progress. It's clear he is improving in all areas and this is thanks to you and all the work you do with him. He loves coming to school
	We are very pleased with the progress S has made this year. We appreciate the care, patience and support provided by all the staff. We are grateful for the positive relationships that have helped S feel safe, happy and eager to learn. We hope the new team from September 2026 will build on these strengths, continue to support his individual needs and provide opportunity to develop communication, independence, social skills and confidence.
	Another excellent year at Woodlands for M. We are extremely grateful for all the support the school has given us. Love & care from staff members has been exceptional Sadly M has one more year at Woodlands and it will feel like removing M from his home. Thank you from the bottom of our hearts
	A has shown multiple skills she learnt in school at home including wiping down water after a spill, gesturing for when she wants to eat something or play vs when she doesn't (which as made picking snacks she actually likes a little easier). I have also noticed she will try to sing some songs she learnt clear enough to the point I am able to identify them and put them on for her
	This year, J takes the initiative to go to bed at the right time in the evening, without needing anyone to urge him. He enjoys his time at school, I am so happy
	I am really glad I has gained a lot of skills and knowledge for the future this year and I am glad Jo and her assistants were able to teach I different things which can help both us and the school understand I more. Thank you
	Thank you for writing a detailed report for R. He has made progress. He seems very happy at school. Every morning, he is looking forward to come to school and wants to go on the bus for community trips
	I am incredibly proud of R's progress this year. His communication has improved and I feel like his understanding has also. I am so happy he has had such a wonderful class environment with such caring adults who understand his needs and how to help him when he is upset. On that note he has had fewer upsets this year and I feel he can better self-regulate. Thank you to all the staff for helping him grow this past year, the small steps feel monumental and I am so proud!
	Thanks so much. P's progress has been great to watch
	Happy with I's progress
	It is wonderful to hear that L is still making such good progress especially with waiting. She enjoys school so much and the photo's show how happy and relaxed she is within this environment. I cannot thank everyone involved enough for the help in making L's life so great !

	J has settled well in school and appears to be enjoying doing activities. She is now used to be enjoying doing activities. She is now used to the routine and to her teachers team. The pictures show how involved she is with activities. J has enjoyed being in Ghandi class and had a positive relationship with her teacher team
	Thank you for A's progress report. I am pleased to hear of how well he is doing. I believe he will do more progress in future. Thank you
	Well done Scott! Very positive progress. Thanks to Jaz and the team for all the hard work!
Provisions	A's progress is amazing to see. Thank you all for your hard work, it is really showing. I am so proud
	It was upsetting for everyone that due to the incident and A having to move class, that he would no longer be in the loft. A at first, struggled with this move but has seemed to have begun to settle and has enjoyed having 1-1 with Stuart. He has really enjoyed working in the café, garden and around the school. He loves to go to horse therapy and is hoping to go back next year? A's reading and writing has come on so much this year, which has been lovely to see let's hope next year is a good one and he can leave Woodlands on a high, we would like to thank everyone in the loft and KS4 for all they have done for A this year.
	I am so proud of J, he has achieved beautiful results and the change is tangible! Thank you for being there for him, encouraging him to fly as high as possible and catching him when he falls! Thank you for giving him a role model as a man and he can build on a stable foundation and face the future with confidence. Looking back, the Loft was the best possible place for J, he found so much under your protective care. I am grateful for everything you do and in some ways I am even proud of you. I really appreciate all the efforts what you do in the school. Thank you
