

End of year report comments from parents - summer 2025

PMLD	N has had a lovely year in Comet class
	T has really flourished into his individual personality over the past year and we can't thank you all enough for all the support you give to T to aid his development. He thoroughly enjoys every day at school despite the continued discomforts.
	It has been a challenging time but it is reassuring to hear that S has still made progress. Thanks for all the effort and support you have given over the past academic year.
	We are grateful to all the teaching and caring staff. Z shows good progress in school. Many thanks to you all
	It is lovely to read this report. We are pleased that F's humor has been seen. It is so nice to hear that he is making progress with his attention and cognition. We have all the photos that show us how involved F is and how much work you put in helping him reach his potential. Thank you
	M has always been happy at school. She has flourished and come a long way. M has grown a lot of confidence in herself and has developed a lot of skills.
	Thank you for trying to find ways to support R to stay safe especially as his sight has deteriorated and relies on the touch more now. Thank you for trying to find and adapt resources for R. R has made a few friends who he seems to be fond of. Fingers crossed; he will still see them during the next school year.
	I am very happy with the teaching skills, encouragement and the relationship which A has with the staff.
KS3	A has progressed in his social skills, expressing an understanding of the world around him. I am very happy with the care and support provided to A at school. Thank you so much Maria, Megan & STAR class team.
	We are really pleased with N's progress. Thank you.
	I would like to thank you all for all the effort and hard work that you put into helping A achieve his learning targets and for making his days at school happy and enjoyable. Thank you.
	I am happy how well H settled in the school and I am grateful for the help he is getting from his teachers. I will see him continue to build his confidence next year.
	What a lovely report! We are so proud of H and his achievements this year! Thank you, Jay and team, for all your support. H will miss you all as well as us!!
	I is a good boy. I feel very proud of I. Just one thing I've noticed he is less confident, Everything I ask, he won't make a decision.
	We are very pleased to hear S has amazing progress in his academics. Thank you very much to you and your team.

	I am satisfied with what C has progressed through this year with his goal.
	Very proud. Thank you so much for all support with S
	We are thankful to teachers and school for helping V in her progress. We are proud of our daughter having these incredible achievements. Thank you
	We are so pleased with J's development this year. The greatest achievement is in their social skills and making friends and playing more.
	So lovely to hear what a great year P has had at school and it definitely shows at home too. She is more helpful and independent doing things for herself and helping me around the house. I am so proud of the young lady she is becoming
	I am very happy with the progress D has made this year. Hopefully the next steps set in jobs, Math & community visits to local shops, where D will become confident / independent. I look forward to him achieving these targets. I hope D does well in Key stage 4 as he did in Key stage 3. I appreciate all the efforts of staff which have gone into supporting Dad & Mum.
	We are really proud of A for becoming more independent in school. She really enjoys the activities she does in school like cooking and gardening, and we are proud that she is trying new things.
	Thank you for all the helpful information and views. These align with what she does at home also. We look forward to seeing her develop more skills. Once again well done and thank you to the entire team
	It is great to learn that A has enjoyed his time at Woodlands and improved in aspects of learning
	Thank you so much for everything you do D is very happy in this school, and loves going to school every day. She has made many friends and communicates much better.
	Thank you for the report. However, my point of view is that S's Day by day is becoming stubborn. He sometimes has very emotional mood swings. When he starts to cry, he cannot stop it. It makes me distressed. Apart from that he is a well-mannered boy.

Michael has shown remarkable improvement after his initial challenge of settling down in Woodlands. It is a joy to see him demonstrating an increasing independence in carrying out different tasks in school as well as at home. M's communication skills are improving as well. M's desires to learn how to read and we believe his progress thus far is bringing him closer to realising his dream. Thank you for your support.

We are pleased that M is making progress in all fields. We believe she was always better at performing activities in school. However, at home we still struggle to engage her and despite our best effort to train and teach her, she still depends on us for almost all her needs.

KS4	We are pleased with Z's progress and sincerely appreciate your continued support
	I would like to thank you very much for such good care and education for my daughter A. I am glad that she has made such great progress and I hope it continues. Thank you very much to the whole team who put a lot of effort into making it the way it is and I hope it will only get better
	It has been great to see F have a good time and enjoy school. Only concern she is not making progress reading and writing and going near anything to do with it. Otherwise well done and thank you to school and all staff for all support and help all these years. I am sure F's going to miss you all a lot.
	Thank you for great year and that you help J to grow
	We are very happy with I's progress, her writing and speaking using text is very good. I'm really happy with I's progress. Thank you.
	I am very proud of B's accomplishment so far both in academic and extracurricular activities. There's improvement in his communication skills and self-care. I sincerely appreciate his teachers for the good work they are doing with him.
	Thank you for your hard work
	What a lovely report, R has done so well and tried really hard. Made really good progress in all her work. Thank you for all you have done this year.
	The journey of T's life at Woodlands so far is impressive. Though there are still a lot of areas which she still needs to work hard on. I am very much impressed by her improvements and I appreciate the effort by the school in working together with me in helping T with her education and Behaviour as well as her attitude towards others. Together we will win
FE	I would like to extend my thanks to the staff of woodlands secondary school. All K's teachers who have done a great job to where he is now. I am happy and so impressed with K's change in every area plus so much improvement in his work. Thank you so much to everyone.
	Y is usually very happy in school. The teaching staff has been very helpful.
	We love how A is at her best in Woodlands. She has the best support LA has to offer and we will fight to keep her at Woodland as there's no other place she can be. Thank you for all the hard work and support you all put into making A safe, happy & thriving
	Very pleased with D. He is progressing
	I am pleased to see T progressing and developing his skills even further. T has enjoyed Woodlands very much
	I agree with J's report and feel very sad his time at Woodlands has come to an end. He has progressed so well in FE and had 2 brilliant years with brilliant teams supporting him. I would like to thank Nicky for believing in J and enabling him to

	make progress. He can be a pickle but N always understands his actions are not always meant to annoy his classmates but more to try and get their attention. I feel he is leaving to start college with the best possible chance of continuing to learn / understand what will be expected of him. Thank you to everyone in FE.
	N is very happy attending Woodlands
	I am very proud of L & all that he has achieved with the kind, caring and patient support of Nicky Hart & staff. He has made incredible progress. L is now ready to move onto the next steps - exciting chapter at college. Thank you to everyone who has supported him over the years. He will truly miss all the staff & peers at Woodlands. We hope to visit the cafe again where L really enjoyed his time helping.
WISERR /Pathway S	M is generally a happy boy who enjoys school and is making progress in small steps.
	I have enjoyed reading about S's progress. Well done S and thanks to J and her team.
	Sorry for missing the deadline. We are happy and satisfied about S's progress. S is showing progress in the home also. I hope S will progress further in her learning and behaviour. We are also hoping that S will continue to progress in her activities of daily living.
	I believe O enjoys school, he is normally always willing to go. He likes routine and consistency, without this he does become dysregulated and angry. Overall, I think he is doing well.
	I am happy with D's progress this year
	We are very happy with all the progress and achievements T has made throughout the year. A big thank you to Woodlands school and all the teachers and staff at Lincoln class for all their work and effort with T
	J is willing to learn to speak before going to bed. Now he can repeat many words like "I love mom, mom loves me, good night, ham, apple etc"
	Very emotional time. J's moving on, thank you for all the support and help you have all done for J.
	As always, it's been another great year for M at Woodlands. We are very grateful for all the help and support that the school has given us. We appreciate it so much. We like to think of the school as a part of the family. So, a big thank you to everyone and I wish for another brilliant year to come.
	Thank you, Nadine. An impressive report. Very pleased with the progress S has made in his time at Woodlands.
	Glad A enjoys most activities - she does love school and often signs it. She loves journeys in the car / bus and the plane!! Thank you to all staff in Drake class, you have been amazing

	It is such a pleasure to read his report and how well he is progressing. Drake is a wonderful team, D has received even more support than expected. I am so glad to see how well D has settled at Woodlands as this is his first year. A big thank you to the Drake team.
	What a year R has had! R has come out of her shell and she has enjoyed going to school every day. Thank you, Nadine and your team, for the work you have put in for getting R where she is now. As parents we are happy to hear that R will remain with you in her last year at Woodlands.
	A has had a settled year in comet class this year. We are pleased that she has built positive relationships with staff & peers in the class. Thank you for everything you all do to keep A happy when at school.
	I have seen a lot of positive, developed and enthusiastic approach in H's skills. His communication and interaction have improved a lot. He loves his school and daily routine. I am so pleased about his progress and thankful to all the lovely teachers. Thanks to Helen for helping H to do all the activities and fun filled work at school. It's a great year. Thank you.
	I have always insisted on school teaching Z to use the toilet but haven't seen results. I want her to use the toilet as she gets older. It is for her better and hence I would like the school to teach her
	M is lucky because this year he had teachers who understood his needs very well and they worked together to support him with his learning. Thank you so much Drake class
	We think it's good that A is interacting at school, thanks to your help. We appreciate everything you have done for him and making his life better for him. We are glad that the staff take him on walks when he gets frustrated and throws things. This shows us he has positive relationships with the staff. We are glad he enjoyed horse riding.
LOFT	What a lovely read, this is fantastic to see A has settled well now at school. We have noticed when he comes home, he is upbeat. When asked about his day he will answer great. We have noticed a big improvement in A's speech & communication. We are very proud of A and his progress. Thank you for all your support.
BASE	Thank you very much for informing us. We are pleased to know about the big improvements he has made. However, we are still concerned about his spitting and pica. Thank you very much for informing u
EOOS	We are happy with the report and pleased to see that H is finding the schedule that has been put in place rewarding and it's good to see progress is being made. Thank you
